

Interactive Whiteboard

iRED

The Interactive Whiteboard iRED surface is tactile and recognizes the presence of pen and finger. Made of ceramic steel, it's durable and built for intensive daily use of a classic whiteboard. The honeycomb structure makes the panel lighter and facilitates installation.

Features and benefits

- Ceramic steel magnetic resistant surface
- 25 year warranty for the ceramic steel surface and 5 year for the electronics
- Multitouch : 4 or 10 points
- Infrared LED technology, low power consumption
- Accuracy and speed of writing
- Compatible with all types of stylus
- Plug & play
